G. D. GOENKA

SCHOOL

Vision

GD Goenka Group vision is wide-ranging and it encompasses aspiration, excellence in all spheres, system leadership, social mobility, cohesion, and inclusion. We aspire to elevate, inspire and assist the young to succeed at all levels of education - right from pre-primary to Doctoral level, through highest possible standards and make a demonstrable impact in communities. Our endeavor is to create transformative experiences through open communication and collaborative dialogue so that creativity, entrepreneurial spirit and innovative initiative can flourish and all stakeholders can realize their optimum potential.

Mission

GD Goenka Group aspires to create and nurture outstanding organizations that espouse the cause of educational excellence, character development and service to communities. Our mission is to be top value creators for our stakeholders in all our ventures – in the field of Education and all our businesses by setting new benchmarks that more than match the best in various areas. We aim to positively impact the world by nurturing sustainable, environmentally conscious and innovative organizations that focus on delivering the best to all those associated with us.

Mr. Dinesh Kumar Gupta
Chairman
G.D. Goenka School, Varanasi

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations."

It is my great pleasure to welcome all our readers to this fourth issue of our E-newsletter Mindora meaning 'Gift of Love'. The newsletter will serve as a window through which the complete profile of the academic and co-curricular activities, achievements and progress made during the quarter can be viewed by everyone. It has been a delight to see our younger student sun leash their creativity with our virtual summer camp. The excitement and energy have been palpable every day, reinforcing our commitment to getting children to learn 21st-century skills. I appreciate the teachers and parents' efforts in making the summer break productive and recreational for our little Gonkans.

'How you work to gether is how you win together'

Our first newsletter for 2021 is an ideal time to reflect on the year that was and look forward to the year that will be. We assure you that we will continue to step up our efforts to deliver the best remote learning practices as we navigate through the academic session 21-22 and to this end our focus will be on continuous professional development for our teachers to support growth, adapt to technological innovation and teaching strategies that nurture our students in the best possible way. I wish the principal, teachers, students, and parents all the very best for a successful year ahead. I am sure we will leave no stone unturned to enrich our students' learning, well being, and growth.

Mr. Rahul Gupta
Managing Director

Goenkans will be future leaders !

The Parents orientation programme for all the students was well conducted by our Principal Ma'am in the beginning of the session virtually. Keeping our aim to create leaders for tomorrow we had organized the virtual summer camp idea was to help students pick up a hobby or skill that they have their interest in and enjoy their time. Our holistic focus will create our little Goenkans future leaders. Many thanks to the whole team who have helped with our activities. Our teachers, who are so caring of the children and passionate in their desire to help all students achieve, along with our teacher-aides who support those children who need a little extra help. Our admin staff - the office staff, who greet all visitors, answer the phone, and complete all the unseen admin tasks that keep the school functioning.

Ms. Shubham Gupta
Managing Director

HIGHER, STRONGER, BRIGHTER

Keeping in mind our motto,

HIGHER, STRONGER, BRIGHTER, takes its core idea from a quest for excellence, an insatiable thirst for knowledge and a limitless craving for the latest we give our children the very best each and every day – an idyllic ambience, ideal location, pollution free atmosphere for their intellectual, physical and spiritual growth.

It is for us to strategize school activities so that no opportunity to build advantage is missed. Each academic or extra experience, every small interaction builds into a larger combination of understanding. Our constant aim is to raise awareness, broaden horizons and inculcate values. An innovative direction towards providing Global education with its feet firmly grounded in the Indian Soil.

"Education is an admirable thing, but it is well to remember from time to time that nothing that is worth learning can be taught."

– Oscar Wilde

According to psychologists, there are four types of intelligence:

- 1) Intelligence Quotient (IQ)
- 2) Emotional Quotient (EQ)
- 3) Social Quotient (SQ)
- 4) Adversity Quotient (AQ)

1. **Intelligence Quotient (IQ):** this is the measure of your comprehension ability", solve mathematics; memorize things and recall subject matters.

2. **Emotional Quotient (EQ):** this is the measure of your ability to maintain peace with others; keep to time; be responsible; be honest; respect boundaries; be humble, genuine and considerate.

3. **Social Quotient (SQ):** This is the measure of your ability to build a network of friends and maintain it over a long period of time.

People that have higher EQ and SQ tend to go farther in life than those with high IQ but low EQ and SQ. Most schools capitalize in improving IQ level while EQ and SQ are played down. A man of high IQ can end up being employed by a man of high EQ and SQ even though he has an average IQ.

Your EQ represents your character; your SQ represents your charisma. Give in to habits that will improve these three Qs but more especially your EQ and SQ.

EQ and SQ make one manage better than the other.

Pls don't teach children only to have higher IQ , but also to have higher EQ and SQ.

Ms.Arty Awasthi
Principal
G.D. Goenka School, Varanasi

Now there is a 4th one: A new paradigm

4. The Adversity Quotient (AQ):

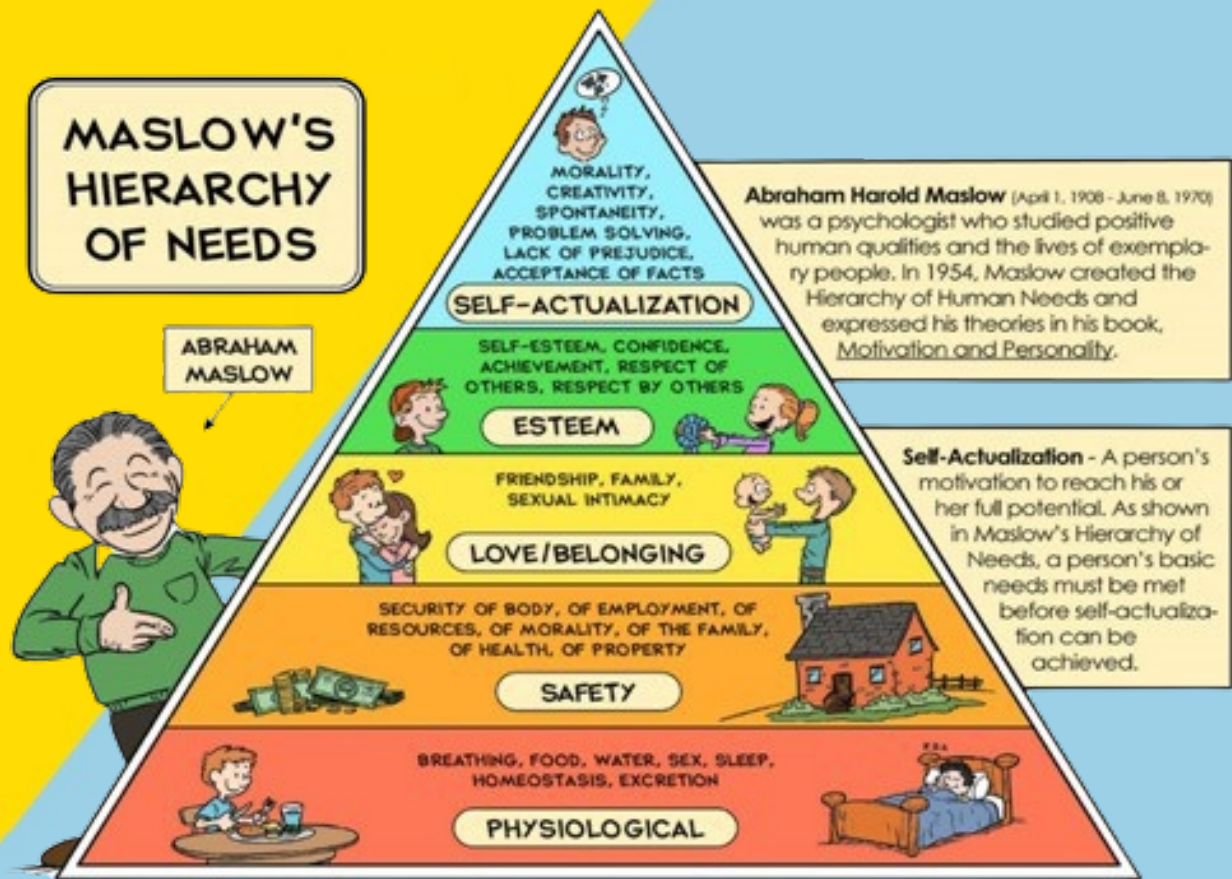

The measure of your ability to go through a rough patch in life and come out without losing your mind.

AQ determines who will give up in face of troubles and may abandon their families.

To parents: Expose children to other areas of life than academic. They should adore manual work (never use work as a form of punishment), sport and art.

Develop their EQ, SQ and AQ. They should become multifaceted human beings able to do things independently of the parents.

Irony is that most of the time the child is being taught rather than educated and thus the complexities which arise when the child grows up to face the real world, he is not equipped with the mandatory skills needed to survive.

Finally,

*Do not prepare the road for the child.
Prepare the child for the road.*

About the class teacher of class 1 (Varnika ma'am) Her teaching is good and she always trying to connect the students and one request from my side that if possible then repeat English reading through cvc words, blending, diagraphs and phoenix. In my view which will be very useful for students in future. Thanks for the being a teacher of my ward

Class- Nursery,

Mrs. Pooja Jain Ma'am is very patient, cool and supportive. Her manner of teaching is wonderful and refreshing. My kid really enjoys her class. Pooja Ma'am is great at building confidence and keeping lessons fun & engaging students through a variety of activities that improve their learning, creativity, conversations and writing skills. It's been such a joy to witness my kid learning so fast with truly warm, personal and caring teacher like Pooja Jain Mam! She has my highest commendation.
