PRINCIPAL'S MESSAGE

Dear Students / Parents / Staff members

It is with great pride and excitement that I write this to you as a Principal of G.D Goenka School, Varanasi. I am excited and honored to get the opportunity to lead a school with such a rich tradition both in and out of the classroom.

As a school, G.D Goenka school, Varanasi has earned a reputation of academic excellence through the hard work of our students, teachers, parents, and staff.

When we take the time to strategically plan, forge positive relationships, celebrate our achievements, and continue to build on our successful foundation, we can foster a learning environment where our entire institution thrives.

It is a place where exceptional teaching and learning is the norm. We focus on complete development of our students by involving them in both scholastic & co-scholastic activities as suggested by CBSE. This will help our children to realize, understand & explore their talents. In order to do this, the parents and the school authorities must work together to inculcate certain values in the students. "Sound body has a Sound Mind." Let us allow our children to develop physically & mentally. Children learn a lot of values when they are involved in Sports & Games. Some of these life skills & values cannot be taught in the classroom or at home. We provide enough opportunities for the children to participate in Sports & games.

"If a plant is carefully nurtured by a gardener, it will become good, and produce better fruits." Therefore, children must be given a good training from their earliest childhood. We are here for the same. I am sure that our students of today, tomorrow will carry forward the Motto of love and unity entrusted in their hands at G D Goenka school Varanasi.

Do the work with intention not because of compulsion." With all my love, best wishes and blessings.

GANESH CHATURTHI CELEBRATION

'Wisdom like Ganesha is what we all must desire.' Ganesh Chaturthi is a Hindu festival that marks the birthday of Lord Ganesha, the symbol of wisdom, bestows his presence on Earth during this festival and removes the obstacles.

Vinayaka Chavithi, also referred to as Ganesh Chaturthi is dedicated to the Lord of New beginnings.

This year also, our school celebrated this festival with utmost fervour. The students of nursery took the responsibility to embellish the school with colour papers, flowers, leaves, candles, lights and lamps. All the participants offered their prayers with great devotion, with the belief of the Lord will bestow his presence to remove all the obstacles and troubles from people's lives.

GANESH CHATURTHI CELEBRATION

With such belief the students of Kg organised various activities on the auspicious occasion of Ganesh Chaturthi. The sole purpose of the celebration was to let the students stay rooted with Indian culture and to enable them to understand the significance of this festival. The celebration began with Ganpati vandana in the Nursery classroom followed by Ganesh Arti. The tiny tots were told about the significance of Ganesh Chaturthi. Clay moulding and free-hand drawing of Lord Ganesha was drawn by the kiddies. Simultaneously they enjoyed watching the movie 'Bal Ganesha' wholeheartedly. The day ended on a happy note wherein all the children sang and danced on the tunes of 'O My friend Ganesha'. There was devotion, creativity and fun all around.

Meaning Of Lord GANESHA

DIYA DECORATION

Diwali is the festival of lights. Students of grade Nur & Kg decorated their diyas and reflected the importance of Diwali festival. Diya removes the negative energy that could be present in a space and bring in positivity, it represents enlightenment, knowledge, or wisdom. It signifies purity, goodness, good luck, and power. The presence of light means the non-existence of darkness and evil forces.”

THE RAMAYANA

School sets a platform for students to grow and display their thoughts and talents. In order to accomplish the traits essential for holistic development, class activities are a great opportunity for the students. Grade Nursery and KG program covered the childhood days of Sri Rama Chandra and his brothers till the death of the Demon Tadaka by Lord Rama. The students performed brilliantly depicting the values of service towards one's Guru, equalling to God. The swayamvara of Mata Sita was also included in this portion. The students showed that no matter how educated King Ravana was, still his evil mind and thoughts forced him to do a wrong deed of kidnapping Sita forcefully to his kingdom. The activity ended with Lord Rama's victory over Ravana. Thus leaving the message of "VICTORY OF GOOD OVER EVIL." Ramayana is not just a story, but also an educational medium to demonstrate the importance of values.

Family and Friends Activity

Friendship and conflict solving skills are so important to teach our Goenkans.

Our job is to teach them important social skills. They need these tools to ensure successful relationships with their peers and adults.

It is tricky, but it can be done! A plam painting activity is a great way to encourage some hands-on discovery with the added benefit of fine motor and sensory play. We're going one step further and using handprints!

Kids love the bright colors and the feel of the paint on their hands. They love making swirling motions in the paint to observe the resulting shapes and designs. You can save a handprint from this activity as a keepsake to remember the size of your toddler's hand as he/she grows. They make great keepsakes if you put them on canvases like these ones.

Family and Friends Activity

Cartoons are an essential part of every childhood and without a doubt the most entertaining aspect in every kid's life. Grade II students of G. D Goenka School, Varanasi celebrated activity on **"My Favourite Cartoon Character"** in which students participated with enthusiasm.

The students also spoke about their favourite cartoon characters. Overall, **'My favorite Cartoon Character Activity'** was full of amazement, positive messages and students will definitely cherish it for a long time.

Value Education: Activity on Team Work

Team building activities are activities that help teams improve their ability to work together on a variety of tasks by giving them a chance to practice in a situation where the stakes are low. They can be icebreakers for new teams, and allow teams to isolate specific skills and work on them, such as problem-solving.

We reviewed many team building games and even talked to experts to find out which ones are best. Then we created instructions, along with illustrations, to help ,to use them to improve how the team works together. Enjoy!

Practical Eduaction

Benefits of practical Education “Knowledge is of no value unless you put it into practice.”
– Anton Chekhov

The world of education has changed in today's education system. The student focuses on learning skills and gains knowledge. Practical learning has replaced the bookish education in many ways. Though theoretical education is important, practical education is the key to understand life better. Can anyone teach us to swim in a classroom? The answer is impossible. We should get into the situation to learn a few things with expertise. These skill-based learning change students into successful individuals. Theory gives us good grades but only if we apply practical learning to it. Practical learning empowers students to achieve something that he has been studying throughout his life. It is really important for developing knowledge and skills.

SCHOOL HEAD GIRL

I feel greatly honoured to have been given the opportunity to hold the G.D Goenka School, Varanasi, as the head boy. This campus has provided a great support to the students, so that they can learn the true meaning of life and can achieve success. It has provided the platform to each and every student to explore his/her potential and improve it. I have seen head boys and head girls standing before me year after year and have seen the impact and success that they were able to achieve. I was determined to share this experience as I wanted to give back to the school, that had played such a major role in shaping the person, I am today.

I also want to leave the school with the feeling that I have represented our community and student body to the best of my ability and belief. It is a manner of great honour to be elected as headboy of the school. Being passionate and loyal, I will try my best to help all the students by becoming a bridge between the students and the faculty. Finally, I would like to express my gratitude to all my teaching staff and specially to my schoolmates for the tremendous support and encouragement and hope to act upon this gratitude by performing my role as the head boy.

“The greatest leader is not necessarily the one who does great things, but he is someone who gets people to do the greatest thing...”

Lovely, peppy, spicy and all other favours which can be imparted to this lovely school life of mine I had them all at G.D Goenka School, Varanasi. This year I have experienced a great deal of challenges and achievements in GDGS. I am extremely privileged to hold the esteemed position of the head girl of the school and to hold high the glorious flag of the instruction. When I put my badge, the shining badge, it reminds me of my duties and responsibilities towards the school. Being selected from so many girls is a golden victory and the badge of the head girl is the crown for my victory. It feels great and is like a dream come true. This campus has provided a wide platform to the students for accomplishing their dream and to achieve their goals. It has provided unlimited opportunities to the students in order to identify and explore their latent talents. It is my duty to help others with my commitment and determination so that all the students can achieve the best of their ability. Being a leader I'll serve my best so that our school can reach the greatest of heights. I'll be failing in my duties if I don't express my gratitude to the management, my teachers for encouragement and my batch mates for their support. I owe my heartiest thanks to all of them. At last I would like to share one poem –

“Whose opinion counts”:

‘If you get what you want in yourself, And the world makes you king for a day, Just go to the mirror and look at yourself, And see what those eyes have to say. For it is not your father or mother, Who upon you their judgement will pass. The person whose verdict counts the most in your life, Is the one staring back at you.’
